

An abstract graphic on the left side of the slide, consisting of a network of light blue lines and circles of varying sizes, resembling a circuit board or a neural network. The lines are vertical and horizontal, with circles at the intersections and endpoints.

STRATEGIC DIRECTIONS

COMMISSION ON TECHNOLOGY 2016

WHICH DO WE WANT?

- The Best System with a Wonderful implementation
 - Knowing it will cost a lot and take awhile

OR

- A “good enough” System that I can have quickly
 - Knowing that it won’t last and will cost more in the long run

**THINK
DIFFERENT**
